### HOBBIES AND INTERESTS

#### Gym

Going to the gym helps me maintain good physical health, which is critical to my overall well-being. Regular exercise improves my mood and reduces stress. It also improves my discipline and perseverance, as it requires consistency and continuous effort to achieve visible results.

#### Play videogames

Although it may seem like a purely recreational activity, playing video games can improve problem-solving skills and my ability to make quick decisions. In addition, many video games encourage teamwork and cooperation when played cooperatively.
