

The ultimate drum sample collection for forward-thinking electronic music production...

Purchase our ENTIRE multi-award-winning drum sample catalogue at a greatly reduced bundle price!

A labour of love spanning 7 years, **Complete Drums** delivers an incomparable, colossal collection of boundary-breaking, production ready drum and percussion samples; a truly essential toolkit for ALL producers of electronic music... Get creative with the most extensive electronic drum library every produced...

Complete Drums has received a major upgrade for 2016 and now includes **24,822** (yes, 24,822!) pristinely produced 24-bit electronic drum samples... We've also created tons of new drum kits from scratch, making use of all available sounds in the collection, totalling **400** kits!

Complete Drums bundles together and includes **ALL** of the following Wave Alchemy Products:

Drum Tools 02 – Over 4000 ground-breaking electronic drum samples, each carefully crafted and layered by hand using a huge array of analogue drum machines, analogue synths, foley recordings and acoustic sound sources...

Essential for Techno, EDM, DnB, Dubstep, Deep House, Trap, Electronica and everything in-between!

2 Keyboards Worth of Kicks - An exciting collection of over 380 extremely characterful, highly usable kick drum samples that easily turn into many more inside your mixes... A treasure trove for the kick drum fanatic!

Claps & Stacks - A diverse collection of 562 layered claps, synthetic snaps, processed machine claps, filthy lo-fi sounds, dusty noise hits, layered snare/clap ensembles and much more; an essential toolkit for modern music genres such as House, Techno, Dubstep and EDM...

Synth Drums – Ten Vintage synthesizers expertly programmed to create a ground-breaking Drum Library, our most comprehensive and intricately designed to date.

Synth Drums includes over 5900 cutting edge drum samples and percussive hits, each carefully crafted by hand, on a sound-by-sound basis...

Drum Machine Collection - 4000 expertly crafted drum sounds from the most sought-after drum machines in existence! Sound sources include the Roland TR-808, TR-909, TR-707 and TR-606. Jomox AIRBase99, XBase 999 and Mbase 11. Vermona DRM MK11, MFB Schlagzwerk, Linndrum and Sequential Drumtraks...

Drum Tools 01 Deluxe - Over 5800 unique electronic drum samples which have been crafted from the ground upwards by the creative layering and processing of drum machines, exotic synthesizers & field recordings!

Now featuring over 3800 additional tape variations recorded at three saturation levels to a Studer A80 MK1 analogue tape machine...

Syncussion Drums - 1885 beautifully crafted drum samples from the ultra-rare and extremely raw sounding Pearl Syncussion SY-1 analogue drum synthesizer! Also includes 800 drum hits recorded to 1/4" tape via a Studer A80 tape machine...

Deep House & Garage (drums only) - 185 drum sounds taken from our Deep House & Garage library. Expect to find characterful kicks, dirty snares, and dusty hats & percussion...

Future House (drums only) – 108 drum sounds taken from our Future House library. Expect to find contemporary kicks, layered snares & claps, futuristic percussion and more...

Tech House & Minimal (drums only) – 401 drum sounds taken from our popular Tech House & Minimal library. Expect punchy drums and creatively glitched-out percussion sounds...

Deep Tech & Progressive (Drums only) – 662 drum sounds taken from our Deep Tech & Progressive library. Expect to find deep kicks, snappy snares and a huge folder of synthetic / tribal percussive type affairs...

Paperskins Snare Toolkit – A hand crafted collection of 'filthy' snare drum samples and layering tools, including 633 cutting edge sounds and blending components!...

What people are saying about our drum libraries

*"Seriously, I batter the s**t out of your sample packs. They are fantastic!"* **Chris Lake**

"A staggeringly expansive library of individual and layered hits! Essential..." **5/5 Music Radar**

"This sample set sounds brilliant and serves as a fresh, up-to-date library for those making electronic music!" **10/10 Computer Music Magazine**

"It's clear that this has been a labour of love for the Wave Alchemy team, with an exceptional attention to detail and a surprising degree of variety!" **Music Tech Magazine**

"I LOVE IT!!! The drums will play a big role in my productions for the next months / years..." **Robert Babicz**

"This is now my number 1 go to drum kit archive. Well organised and meticulously produced... This is the Daddy of all Drum sample collections. If you don't own this, you should. Essential!" **Tom Middleton**

"Highly recommended for producers of all electronic genres!" **Future Music Magazine**

"I cannot rave enough about these packs. If you're looking for one shot drums, this is the one stop shop. No loops and frills just brilliant drums which lay the foundation to solid sounding tracks. Highly recommended!" **MJ Cole**
